

City of Newport News

2015 Street Sweeping Schedule

Southeast Community Residents – ONLY

- The Southeast Community is swept the first Monday, Tuesday, Thursday, and Friday of each month from April to October due to lack of off street parking and the numerous one-way streets.
- If your scheduled sweeping day falls on a holiday, your street will be swept the following week on your scheduled day.
- In the Southeast Community, permanent red and white “No Parking” signs are posted with the day your side of the street will be swept.
- Move cars off the designated side of the streets to be swept between the hours of 9:00 a.m. and 3:00 p.m.
- Even after streets are swept, cars cannot park on the designated side of the street until after 3:00 p.m.

All Other Newport News Residents

- Streets are swept three times a year from April through October.
- The City will sweep your street only **once** between Monday and Friday during the week your area is scheduled.
- “Street Sweeping” signs are placed on major streets leading into neighborhoods the day prior to sweeping.
- Downtown area will be swept at night periodically.

Helpful Information

- Moving vehicles off of the road and placing bulk items **behind the curb** line allow for effective sweeping.
- Do not put basketball goals in the curb or street.
- Private streets, mobile home parks and privately owned apartment complex streets are not swept as part of this program.
